The 5th FEALAC Cyber Secretariat Workshop

Seoul, Korea, 12-13 March 2015

The FEALAC Cyber Secretariat is pleased to announce that the 5th FEALAC Cyber Secretariat Workshop will be held at the Seoul Lotte Hotel on 12 March 2015, under the theme of “Strengthening Solidarity through Expanding FEALAC-wide Projects.” The Cyber Secretariat would like to extend invitation to the authorities in charge of the FEALAC matters, including FEALAC Focal Points, to participate in this Workshop.

Background

In its final report to the 14th SOM in Bali in 2013, The Vision Group is encouraging FEALAC member countries to expand national projects, and extend national initiatives as widely as possible across the FEALAC member countries. This year, in preparation for the 7th FEALAC Foreign Ministers’ Meeting, the 5th FEALAC Cyber Secretariat Workshop will be focused on projects which would be regarded as FEALAC-wide projects, considering the levels of recognition given to the projects and support necessary for their completion.

Upcoming Workshop will serve as the opportunity for FEALAC member countries to share updates on progress of FEALAC-wide projects, proposed in the previous FEALAC official meetings, and discuss new FEALAC-wide projects which member countries would like to introduce in the future FEALAC official meetings.
